

Mannatech Reports Second Quarter Results Q2 Sales Improve vs. Q1

(COPPELL, Texas) August 3, 2011 – <u>Mannatech, Incorporated</u> (NASDAQ: <u>MTEX</u>) today reported for the quarter ended June 30, 2011 net sales of \$51.4 million, and a net loss of \$5.2 million, or \$0.20 per diluted share compared to the 2010 loss of \$0.14 per share. Quarterly sales declined \$6.2 million or 10.8%, compared to the second quarter of 2010. The net loss increased by \$1.4 million for the quarter largely due to lower results from Australasia, the reserve taken for severances due to job eliminations, and costs associated with Mexico which launched operations in late January 2011.

Sales in the second quarter increased by \$0.5 million compared to the first quarter of 2011. This increase marked the first period to show improvement in several years. The overall increase compared to the first quarter of 2011 reflected higher international results which increased 5.3%, while the domestic sales decline was limited to 3.0% compared to the first quarter. The international gain was due to sales and recruiting in the Republic of Korea along with favorable currency translations compared to the first quarter.

Sales were \$102.3 million for the first six months of 2011, below 2010 by \$16.0 million, or 13.5%. The net loss of \$10.0 million exceeded last year by \$3.4 million, and the net loss of \$0.38 per diluted share was greater than the prior year by \$0.13 per diluted share.

New independent Associates and Members totaled 20,048 in the second quarter of 2011, compared to 22,775 in the second quarter of 2010, a decrease of 12.0%. Total independent Associate and Member count based on a 12-month trailing period was approximately 385,000 as of June 30, 2011 as compared to 450,000 as of June 30, 2010.
