**4.3 Limitations on Claims**

- (a) Neither the Optionee nor the Optionor shall be entitled to make a claim if the Optionee or the Optionor, as applicable, has been advised in writing or otherwise has actual knowledge prior to the Transfer Date of the inaccuracy, non-performance, non-fulfillment or breach which is the basis for such claim and the Optionee or the Optionor, as applicable, completes the transactions hereunder notwithstanding such inaccuracy, non-performance, non-fulfillment or breach.

## **ARTICLE 5**

### **COVENANTS**

#### **5.1 Covenants by the Optionor**

The Optionor covenants to the Optionee that it will do or cause to be done the following:

- (a) Investigation of Properties. Prior to the Transfer Date, the Optionor will provide access to and will permit the Optionee, through its representatives, to make such investigation of the Properties as the Optionee deems reasonably necessary or advisable to familiarize itself with such matters.
- (b) Transfer of the Optioned Assets. At or before the Transfer Date, the Optionor will cause all necessary steps and corporate proceedings to be taken in order to permit the transfer of the Optioned Assets.
- (c) Insider Trading Policy. Optionor and each of Optionor's officers, directors, shareholders, key employees and agents with access to potentially material non-public information, agree to abide by Optionee's Insider Trading Policy, a copy of which is attached hereto as **Exhibit E**, and to sign the acknowledgement attached thereto.

#### **5.2 Covenants by the Optionee**

The Optionee covenants to the Optionor that it will do or cause to be done the following:

- (a) Further Equity Consideration and NI-43-101 Report. Upon Optionee's receipt of a preliminary National Instrument 43-101 compliant resource report ("NI-43-101 Report") from an independent third party expert with a resource estimate of at least 300,000 ounces of gold in at least an "inferred" category (or such amount of silver in at least an "inferred" category deemed by the independent third party expert to be equivalent to 300,000 ounces of gold based on the then-current gold and silver prices as quoted by the London Metal Exchange and/or the Dubai Exchange or such industry-approved Chinese metals exchange as the parties may mutually agree upon, Optionee shall issue to Optionor such number of shares of Optionee's common stock equal to ten percent (10%) of its then-issued and outstanding common shares, subject to any such regulatory approvals and filings as may be required (the "**Additional Shares**"). The independent third party expert to prepare the NI-43-101 Report on the Properties shall be selected from the

most competitive of three bids from reputable firms or as otherwise mutually agreed upon by the parties, with the budget agreed upon in advance. Further, in the event of any proposed sale of the Properties, or any portion thereof, the parties agree to commence a 43-101 Report (with the associated costs to be borne by Optionee), if one has not been completed within the previous twenty-four (24) months, or such earlier timeframe as sufficient data exists (as confirmed by the independent third party expert) to update an existing report. Optionee will ensure that any 43-101 Report related to the Properties will be completed within one hundred twenty (120) days of its commencement, except in the event of circumstances beyond Optionee's control, which Optionee is diligently and in good faith working to remedy. In the event of any such proposed sale, if the resulting 43-101 Report yields a resource estimate of at least 100,000 ounces of gold in at least an "inferred" category, but less than 300,000 ounces of gold (or silver equivalent as set forth above), Optionee shall issue to Optionor such number of shares of Optionee's common stock at pro rata amount to the full ten percent (10%) that would be issued upon achieving 300,000 ounces of gold. For example, if the 43-101 Report included a resource estimate of 150,000 ounces of gold in at least the inferred category, Optionee would issue Optionor such number of its shares of common stock equal to five percent (5%) of its then-issued and outstanding common shares.

- (b) Work Assessment. The Optionee shall perform such work, incur such expenditures and file all necessary assessment reports with the appropriate governmental authorities in order to maintain the Optioned Assets in good standing with such authorities as of and from the date hereof. In particular, Optionee shall pay such annual maintenance fees owed to the Bureau of Land Management as required to maintain the Optioned Assets in good standing ("BLM Fees"), as of a date that is at least thirty (30) days prior to the annual deadline. In the event Optionee is unable or has not paid such BLM Fees within thirty (30) days prior to the deadline, it shall promptly notify Optionor, such that Optionor may pay such BLM Fees no later than ten (10) days prior to the deadline, such BLM Fees to be submitted for reimbursement by Optionee as evidenced by appropriate receipts. The Optionee shall also provide written records of its exploration and development expenditures on the Properties to the Optionor on a quarterly basis.
- (c) Listing of Consideration Shares and Warrants. The Optionee shall make all such filings and take any such actions as may be necessary to maintain its common stock as designated for quotation on the OTC.BB, or such other North American stock exchange or quotation system as mutually agreed upon by the parties.
- (d) Confidentiality. Prior to the Transfer Date and, if the transaction contemplated hereby is not completed, the Optionee will keep confidential all information obtained by it relating to the Properties, except such information which:
  - (i) prior to the date hereof was already in the possession of the Optionee, as demonstrated by written records;
  - (ii) is generally available to the public, other than as a result of a disclosure by the Optionee, or
  - (iii) is made available to the Optionee on a non-confidential basis from a source other than the Optionor or its representatives.

The Optionee further agrees that such information will be disclosed only to those of its employees and representatives of its advisors who need to know such information for the purposes of evaluating and implementing the transaction contemplated hereby.

Notwithstanding the foregoing provisions of this paragraph, the obligation to maintain the confidentiality of such information will not apply to the extent that disclosure of such information is required in connection filings with securities regulatory authorities or filings with governmental or other applicable regulatory bodies relating to the transactions hereunder. If the transactions contemplated hereby are not consummated for any reason, the Optionee will return forthwith, without retaining any copies thereof, all information and documents obtained from the Optionor.

**ARTICLE 6**  
**CONDITIONS & CLOSING**

**6.1 Conditions to the Obligations of the Optionee**

Notwithstanding anything herein contained, the obligation of the Optionee to complete the transactions provided for herein will be subject to the fulfillment of the following conditions at or prior to the Transfer Date, and the Optionor covenants to use its best efforts to ensure that such conditions are fulfilled.

- (a) Accuracy of Representations and Warranties and Performance of Covenants. The representations and warranties of the Optionor contained in section 3.1 of this Agreement shall be true and accurate on the date hereof and at the Transfer Date with the same force and effect as though such representations and warranties had been made as of such date (except to the extent such representations and warranties are by their express terms made as of the date of this Agreement or another specific date, in which case such representations and warranties shall be true and correct of such date). In addition, the Optionor shall have complied with all covenants and agreements herein agreed to be performed or caused to be performed by it at or prior to the applicable date(s) for such performance.
- (b) Material Adverse Changes. There will have been no change in the condition in the Properties, howsoever arising, except changes which have occurred in the ordinary course of business and which, individually or in the aggregate would not have a Material Adverse Effect, or changes resulting from the Optionee's negligence in conducting operations at the Properties. Without limiting the generality of the foregoing, no damage to or destruction of any material part of the Properties shall have occurred, whether or not covered by insurance.
- (c) No Restraining Proceedings. No order, decision or ruling of any court, tribunal or regulatory authority having jurisdiction shall have been made, and no action or proceeding shall be pending or threatened which, in the opinion of counsel to the Optionee, is likely to result in an order, decision or ruling:
  - (i) to disallow, enjoin, prohibit or impose any limitations or conditions on the purchase and sale of the Optioned Assets contemplated hereby or the right of the Optionee to own the Optioned Assets, or
  - (ii) to impose any limitations or conditions which may have a Material Adverse Effect on the Properties.
- (d) Consents. All consents required to be obtained in order to carry out the transactions contemplated hereby in compliance with all laws and agreements binding upon the parties hereto shall have been obtained.

**6.2 Waiver or Termination by Optionee**

The conditions contained in section 6.1 hereof are inserted for the exclusive benefit of the Optionee and may be waived in whole or in part by the Optionee at any time. The Optionor acknowledges that the waiver by the Optionee of any condition or any part of any condition shall constitute a waiver only of such condition or such part of such condition, as the case may be, and shall not constitute a waiver of any covenant, agreement, representation or warranty made by the Optionor herein that corresponds or is related to such condition or such part of such condition, as the case may be. If any of the conditions contained in section 6.1 hereof are not fulfilled or complied with as herein provided, the Optionee may, at or prior to the Transfer Date at its option, rescind this Agreement by notice in writing to the Optionor and in such event the Optionee shall be released from any further obligations hereunder and, unless the condition or conditions which have not been fulfilled are reasonably capable of being fulfilled or caused to be fulfilled by the Optionor, then the Optionor shall also be released from any further obligations hereunder.

### **6.3 Conditions to the Obligations of the Optionor**

Notwithstanding anything herein contained, the obligations of the Optionor to complete the transactions provided for herein will be subject to the fulfillment of the following conditions at or prior to the Transfer Date, and the Optionee covenants to use its best efforts to ensure that such conditions are fulfilled.

- (a) Accuracy of Representations and Warranties and Performance of Covenants. The representations and warranties of the Optionee contained in this Agreement or in any documents delivered in order to carry out the transactions contemplated hereby will be true and accurate on the date hereof and at the Transfer Date with the same force and effect as though such representations and warranties had been made as of such date (except to the extent such representations and warranties are by their express terms made as of the date of this Agreement or another specific date, in which case such representations and warranties shall be true and correct of such date). In addition, the Optionee shall have complied with all covenants and agreements herein agreed to be performed or caused to be performed by it at or prior to the applicable date(s) for such performance.
- (b) No Restraining Proceedings. No order, decision or ruling of any court, tribunal or regulatory authority having jurisdiction shall have been made, and no action or proceeding shall be pending or threatened which, in the opinion of counsel to the Optionor, is likely to result in an order, decision or ruling, to disallow, enjoin or prohibit the purchase and sale of the Optioned Assets contemplated hereby.
- (c) Consents. All consents required to be obtained in order to carry out the transactions contemplated hereby in compliance with all laws and agreements binding upon the parties hereto shall have been obtained.

### **6.4 Waiver or Termination by Optionor**

The conditions contained in section 6.3 hereof are inserted for the exclusive benefit of the Optionor and may be waived in whole or in part by the Optionor at any time. The Optionee acknowledges that the waiver by the Optionor of any condition or any part of any condition shall constitute a waiver only of such condition or such part of such condition, as the case may be, and shall not constitute a waiver of any covenant, agreement, representation or warranty made by the Optionee herein that corresponds or is related to such condition or such part of such condition, as the case may be. If any of the conditions contained in section 6.3 hereof are not fulfilled or complied with as herein provided, the Optionor may, at or prior to the Transfer Date at its option, rescind this Agreement by notice in writing to the Optionee and in such event the Optionor shall be released from any further obligations hereunder and, unless the condition or conditions which have not been fulfilled are reasonably capable of being fulfilled or caused to be fulfilled by the Optionee, then the Optionee shall also be released from any further obligations hereunder.

## **ARTICLE 7 INDEMNIFICATION AND SET-OFF**

**7.1 Indemnification.** Each Party (the “Indemnifying Party”) shall defend, indemnify, and hold harmless the other Party (the “Indemnified Party”) and its directors, trustees, members, shareholders, partners, officers, employees and agents from and against any and all liability, loss, expense (including reasonable attorneys’ fees) or claims for injury or damages arising out of the performance of this Agreement, in whole or in part (“Damages”), but only in proportion to and to the extent the Damages are caused by or result from the negligence or intentional acts or omissions of the Indemnifying Party or its directors, trustees, members, shareholders, partners, officers, employees or agents.

### **7.2 Right of Set-Off**

The Optionee shall have the right to satisfy any amount from time to time owing by it to the Optionor by way of set-off against any amount from time to time owing by the Optionor to the Optionee, including any amount owing to the Optionee pursuant to the Optionor’s indemnification pursuant to section 7.1 hereof.

**ARTICLE 8**  
**GENERAL PROVISIONS**

**8.1 Further Assurances**

Each of the Optionor and the Optionee hereby covenants and agrees that at any time and from time to time after the Transfer Date it will, upon the request of the others, do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered all such further acts, deeds, assignments, transfers, conveyances and assurances as may be required for the better carrying out and performance of all the terms of this Agreement.

**8.2 Remedies Cumulative**

The rights and remedies of the parties under this Agreement are cumulative and in addition to and not in substitution for any rights or remedies provided by law. Any single or partial exercise by any party hereto of any right or remedy for default or breach of any term, covenant or condition of this Agreement does not waive, alter, affect or prejudice any other right or remedy to which such party may be lawfully entitled for the same default or breach.

**8.3 Notices**

Any notice, designation, communication, request, demand or other document, required or permitted to be given or sent or delivered hereunder to any party hereto shall be in writing and shall be sufficiently given or sent or delivered if it is: (i) delivered personally, in which case notice shall be deemed to have been given, sent, delivered and received on the date of delivery; (ii) sent to the party entitled to receive it by registered mail, postage prepaid, or by courier, to be deemed received on the fourth Business Day following the date of mailing; or (iii) sent by facsimile to be deemed to have been given, sent, delivered and received on the date the sender receives the telecopy answer back confirming receipt by the recipient. Notices shall be sent to the addresses or facsimile numbers set forth on the signature page hereto, or to such other address or facsimile number as the party entitled to or receiving such notice, designation, communication, request, demand or other document shall, by a notice given in accordance with this section, have communicated to the party giving or sending or delivering such notice, designation, communication, request, demand or other document.

**8.4 Counterparts**

This Agreement may be executed (by original or facsimile transmission) in several counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same instrument.

**8.5 Expenses of Parties**

Except as otherwise provided herein, each of the parties hereto shall bear all expenses incurred by it in connection with this Agreement.

**8.6 Announcements**

No announcement with respect to this Agreement will be made by any party hereto without the prior approval of the other parties. The foregoing will not apply to any announcement by any party required in order to comply with laws pertaining to timely disclosure, provided that such party consults with the other parties before making any such announcement.

**8.7 Successors and Assigns**

The rights of the Optionor hereunder shall not be assignable without the written consent of the Optionee. The rights of the Optionee hereunder shall not be assignable without the written consent of the Optionor. Subject to the foregoing, this Agreement shall be binding upon and enure to the benefit of the parties hereto and their respective successors and permitted assigns.

## **8.8 Entire Agreement**

This Agreement and the schedules referred to herein constitute the entire agreement between the parties hereto and supersede all prior agreements, representations, warranties, statements, promises, information, arrangements and understandings, whether oral or written, express or implied, with respect to the subject matter hereof, including, without limitation, the Prior Agreements. None of the parties hereto shall be bound or charged with any oral or written agreements, representations, warranties, statements, promises, information, arrangements or understandings not specifically set forth in this Agreement or in the schedules, documents and instruments to be delivered on or before the Transfer Date pursuant to this Agreement. The parties hereto further acknowledge and agree that, in entering into this Agreement and in delivering the schedules, documents and instruments to be delivered on or before the Transfer Date, they have not in any way relied, and will not in any way rely, upon any oral or written agreements, representations, warranties, statements, promises, information, arrangements or understandings, express or implied, not specifically set forth in this Agreement or in such schedules, documents or instruments.

## **8.9 Waiver**

Any party hereto which is entitled to the benefits of this Agreement may, and has the right to, waive any term or condition hereof at any time on or prior to the Transfer Date; provided, however, that such waiver shall be evidenced by written instrument duly executed on behalf of such party.

## **8.10 Amendments**

No modification or amendment to this Agreement may be made unless agreed to by the parties hereto in writing.

**Terms of Net Smelter Return Royalty**

The following terms shall govern the payment of the net smelter return royalty payable to a minority interest holder in the Optioned Assets whose ownership interest is reduced to 2% or less, as contemplated by Section 2.5(c) of the Agreement, which NSR shall be in addition to the 3.5% NSR as set forth in each of the Coyote Agreement, Vanderbilt Agreement and Coyote Extension Agreement, respectively:

1. In this exhibit:

- (a) "**Metal Price**" means for any Product the lower of the "LME cash" or the "3 months" price as per the Metal Bulletin published by the London Metal Exchange. If trading on the London Metal Exchange is discontinued or interrupted, the Owner shall utilize a comparable commodity quotation, reasonably acceptable to the Payee, for the purposes of calculating the Net Smelter Returns;
- (b) "**Net Smelter Returns**" means for any period, the gross proceeds received by the Owner for all Product that is irrevocably and unconditionally sold by the Owner and credited to the account of the Owner by a smelter, refiner or other bona fide purchaser during the subject period (without deduction in respect of any other royalty in respect of the Properties) less the following expenses if actually incurred by the Owner:
  - (i) sales, use, gross receipt and severance taxes and all mining taxes, payable by the Owner or other operator of the Properties, that are based directly upon, and actually assessed against, the value or quantity of Product sold or otherwise disposed of from the Properties; but excluding any and all taxes based upon the net or gross income of the Owner or other operator of the Properties, the value of the Properties or the privilege of doing business, and other taxes assessed on similar basis;
  - (ii) charges and costs, if any, for transportation (including but not limited to, direct insurance costs while in transit) of the Product from the Properties to places where such Product are smelted, refined and/or sold or otherwise disposed of; and
  - (iii) charges, costs (including assaying, sampling and sales costs) and all penalties, if any, charged by a smelter or refiner of the Product; but, if smelting and/or refining are carried out in facilities owned or controlled, in whole or in part, by the Owner, then the charges and costs for such smelting or refining of such Product shall be the lesser of: (A) the charges and costs the Owner would have incurred if such smelting or refining was carried out at the facilities that are not owned or controlled by the Owner and that are offering comparable services for comparable products; and (B) the actual charges and costs incurred by the Owner with respect to such smelting and refining;
- (c) "**Owner**" means the party paying the Royalty;
- (d) "**Payee**" means the party receiving the Royalty;
- (e) "**Processor**" means any smelter, refiner or other processor, purchaser or other user of the Product.
- (f) "**Product**" means all metals and minerals mined or otherwise recovered from the Properties, whether in the form of doré, concentrates, tailings or otherwise, and all beneficiated or derivative products thereof;
- (g) "**Royalty**" means the amounts payable from time to time to the Payee and calculated as 2% of Net Smelter Returns (subject to an option in favor of the Owner to acquire 1% of such 2% royalty for an aggregate purchase price of \$1,500,000), as described in Section 2.5(c) of this Agreement.

2. Payment of the Royalty by the Owner to the Payee shall be made periodically within fifteen (15) days after receipt by the Owner of any funds pertaining to the Properties from any smelter or refiner. A statement

containing pertinent information in sufficient detail to explain the calculation of the Royalty payment will be provided to the Payee within 30 days following the end of each fiscal quarter (the "applicable period") of the Owner.

3. With respect to precious metals produced from the Properties, the Payee may, at its option, elect to receive payment of the Royalty in-kind at the time such precious metals are produced at the refinery where the final product is produced. The value of any in-kind payment of the Royalty hereunder shall be based on the Metal Price at the time the Royalty payment is due and payable.
