ITEM 1. BUSINESS

We were incorporated in the State of Florida on March 11, 2011, for the purpose of providing an online marketplace for art work created by German artist Reinhold Mackenroth through the Internet.

We currently have a website that offers a modest array of unique and custom oil on canvas artwork, created by German artist Reinhold Mackenroth to individual retail customers. Our president has constructed our website. Our costs in developing operations have been minimal to date. Our products are offered at retail prices. In addition to offering a modest array of unique original artwork, we also offer custom portraits services. We also intend to sell advertising banners to manufactures and retailers of art supplies. We are currently reviewing our options to offer Lithographs as a more economically way for customers to purchase artwork created by Mr. Mackenroth. There can be no assurance that we will be able to develop revenue in this area, or any other area.

PRINCIPAL PRODUCTS AND SERVICES.

The discussion of our future business is management's best estimate and analysis of the potential market, opportunities and difficulties that we face. There can be no assurances that the underlying assumptions accurately reflect our opportunities and potential for success. Competitive and economic forces make forecasting of revenues and costs difficult and unpredictable.

We hope to maintain our web site that provides an online marketplace for original oil on canvas artwork produced by German artist Reinhold Mackenroth. Our president has decades of experience in producing and replicating artwork but lacks experience in using the Internet as a point of sale. Our intention is to provide an interactive solution to improve the experience of purchasing original artwork to potential retail customers through our website. Although we have no experience in using the Internet to improve the experience of purchasing artwork, the products and services we intend to offer below may assist.

We hope to develop and maintain our site to permit website visitors to do the following:

- Conveniently view all original art productions 24 hours a day 7 days a week.
- Offer an efficient marketplace in which customers can submit and purchase custom portraits of themselves, loved ones or even pets.
- Cross geographical limitations by the ability to access our website worldwide to those visitors viewing our website in English, since we do not expect to offer our website in different languages and we do not expect to convert our website to any other language nor extend any special customer service to these countries. Most popular search engines such as www.Google.com can be accessed worldwide, and

in turn consumers may click on our website from other countries located in or near the United States, such as the Caribbean Islands or as far as Europe. Some of these countries outside the United States may not have the availability of originally produced artwork or the ability to procure custom portraits. Therefore, we hope to provide our services to those countries that may be actively seeking oil on canvas original productions or custom portraits from the United States. We have not conducted any research to support this and its management assumption that this may hopefully be the case.

- Post banners ads for art supplies and frames, and for other interested third parties.
- View information about the products in a more detailed and informative manner.

In summary our planned sources of revenue will be derived from the following:

1. The sale of original oil on canvas artwork and custom portraits produced by German artist Reinhold Mackenroth
2. Banner Ads

We offer consumers a modest array of original artwork and portraits at retail prices. We intend to emphasize the sale of custom portraits of loved ones and pets, which may not be available in other retail locations, warehouse clubs or mass merchandisers of artwork. We hope to attract consumers to our custom portrait services by making the process as easy as possible, unlike custom portraits of the past where they are normally conducted in person, we can deliver these services through the use of a photograph supplied by the customer delivered to us either through the mail or via email, most commonly we will advise our consumers to supply a photo which is a minimum of 5 inches by 8 inches, to present the needed detail.

We have not developed criteria for pricing of the advertising space; however, we anticipate pricing will be based upon advertisement size, web page placement, content requirements, contract duration and other factors.

We plan to process most of our orders directly online, but due to the delicate nature of some potential orders for multiple original artwork and its shipping requirements, we plan to process those orders by phone. Those individuals who wish to purchase products through our website can do so without any subscription fees. The site is welcome to all retail customers.

Our intention, is to maintain and grow a personalized interactive gallery of all the artwork produced by Mr. Mackenroth where a visitor can view and purchase a modest array of original artwork and custom portrait services with an in depth product description which may not be offered elsewhere.

DISTRIBUTION

We plan to deliver our services mainly through our website and to a much lesser degree certain art shows and exhibits. Within either outlet of sale we expect to utilize third party shippers such as USPS, UPS and or Fedex.

COMPETITIVE BUSINESS CONDITIONS

The conventional method of purchasing and selling artwork for at least the past fifty years has been through person-to-person meeting or brick and mortar type galleries. The public has been reticent to new vehicles or formats through which they would purchase and sell artwork. Competition among artwork retailers has increased as a result of the attractive commercial medium provided by the Internet and the relatively low barriers to enter this market. Therefore, we believe the success of online retailers will depend on their ability to develop brand awareness, offer competitive prices on a broad selection of products, and provide compelling content and superior customer service.

Despite the convenience of the services offered over the Internet or prospectively over our website, many consumers will view conventional methods of obtaining artwork more convenient and offering better customer service.

We will face intense competition in all aspects of the artwork industry.

We will compete with brick and mortar type retail stores as well as on line retailers that also provide art products and services to the public. These companies may offer convenience and customer service superior to our company. In addition, these companies may have better marketing and distribution channels.

We intend to maintain a website that is easy to use that offers a wide product selection at competitive prices. We hope to attract potential customers to our website instead of other companies they are familiar with because they would be able to choose from an array of original art productions, quickly and easily, without being rushed and allowing them the freedom to carry on at their own pace. Also, with our dedication to offering original production custom portraits, with oil on canvas, which may not be available in most galleries or warehouse type stores, we hope to capture the customer who demands a better quality of artwork in its originality and uniqueness.

The art industry is fragmented and regionalized. Our competitive position within the industry is small in light of the fact that we have not generated any revenue. Older, well established artist and dealers with records of success will attract qualified clients away from us. Since we have not generated any revenue, we cannot compete with them on the basis of reputation. We do expect to compete with them on the basis of price, service and selection. We intend to be able to attract and retain customers by offering a unique line of original productions along with the ability to offer custom portrait services. We will offer attractive, competitive pricing and will be responsive to all our customers needs. We will offer in depth descriptions and pictures that captures each art productions color and size and through our multi focused marketing and advertising campaign, as explained further in *Plan of Operation*, we will utilize as many different marketing outlets as feasible, such as flyers and mailers, industry magazines, newspapers and exhibits and shows.

However, there can be no assurance that we will be able to compete effectively in this highly competitive industry, which could have a material impact upon market acceptance of our website and the products we wish to sell.

EMPLOYEES

Currently, we have two employees, both of which works less than full time.

Reinhold Mackenroth, our president and sole director. His duties consist of the management of operations, business plan and the development of all the offered artwork.

Kevin Monahan, our vice president, his duties include accounting and financial filings as well as other sundry items.

GOVERNMENTAL REGULATION ISSUES

We are not now affected by direct government regulation, generally and laws or regulations directly applicable to access to or commerce on the Internet. However, due to increasing usage of the Internet, a number of laws and regulations may be adopted relating to the Internet, covering user privacy, pricing, and characteristics and quality of products and services. Furthermore, the growth and development for Internet commerce may prompt more stringent consumer protection laws imposing additional burdens on those companies conducting business over the Internet. The adoption of any additional laws or regulations may decrease the growth of the Internet, which, in turn, could decrease the demand for Internet services and increase the cost of doing business on the Internet. These factors may have an adverse effect on our business, results of operations and financial condition

Item 1A. Risk Factors

Risk Factors Particular to M Street Gallery, Inc

A. Our success is heavily dependent upon the continued participation of Reinhold Mackenroth President and Director, if we lose him our business will fail.

Our success is heavily dependent upon the continued active participation of our president and director, Reinhold Mackenroth. Mr. Mackenroth has experience in the art and lithography industry. However, Mr. Mackenroth has little Internet experience in establishing an Internet e commerce website. Unless Mr. Mackenroth has the financial resources to hire qualified Internet consultants, the presentation and technical aspects of our website may not be able to attract customers to our website. Currently Mr. Mackenroth is not involved with any other business ventures. The only conflict of

interest we foresee is that our Mr. Mackenroth may devote time to projects that do not involve us.

1. We do not maintain "key person" life insurance on Reinhold Mackenroth life.
2. We do not have a written employment agreement with Reinhold Mackenroth.
3. There can be no assurance that we will be able to recruit or retain other qualified personnel, should it be necessary to do so.

B. Mr. Mackenroth our president and director and owns more than 94 percent of the Company's common stock and may approve or take actions that may be adverse to your interests

Mr. Mackenroth owns approximately 94.5 percent of the outstanding common stock and our voting power. As a result, he alone will be able to exercise control over many matters requiring approval by the board of directors or our stockholders. As a result, he will be able to:

- Control the composition of our board of directors;
- Control our management and policies;
- Determine the outcome of significant corporate transactions.

Additionally, it should be clear that the interests of Mr. Mackenroth may differ entirely from the other shareholders interest.

C. If Customers do not accept an Internet Marketplace for art work via the Internet, we will not generate revenue to operate

Our success depends upon the general acceptance of an on-line marketplace for art work by consumers, specifically those produced by Reinhold Mackenroth.

If customers do not embrace an online marketplace for art work, we will be unable to generate revenue. The market for an electronic marketplace for art work, particularly over the Internet, is in its early stages of development, but is evolving rapidly. We cannot assure that a sufficiently broad base of consumers and businesses will adopt, and continue to use, the Internet to obtain art work, traditionally provided in person-to-person transactions.

We believe that acceptance of an online marketplace for art work via the internet will depend on the following factors, among others:

* The growth of the Internet as a medium for commerce generally, and as a market for art work products in particular

- * Development of the necessary Internet network infrastructure to support new technologies and handle the demands placed upon us by our visitors
- * A change in the perception among many consumers that an online marketplace is less dependable than obtaining art work through more traditional methods

-6-

D. Reinhold Mackenroth, our president and director will only participate 80% of his time towards the business of M Street Gallery, Inc., this may lead to slower development and growth

Mr. Mackenroth, the Companys president, may participate in other business ventures, which may compete directly or indirectly with the Company, which may lead to less time devoted to the strategic development of the company. Additional conflicts of interest and non-arms length transactions may also arise in the future. Mr. Mackenroth plans to devote at least 80% of his time, towards the business of M Street Gallery, Inc. Currently, there are no written policies nor any plans to create a policy that govern these potential conflicts or activities.

E. Reinhold Mackenroth, our president works less than full time, this may impede our competitiveness and customer experience.

A component of our strategy is to be responsive to our customers' needs. Since, Mr. Mackenroth only works less than full time, and until such time that we generate enough revenue to hire additional employees, Mr. Mackenroth must balance his time accordingly. This may impact the level of customer service and our responsiveness to their needs. This may also have a material impact upon market acceptance of our website and the products we wish to sell.

F. We are a Development Stage Company and may not generate enough revenues to stay in business

Because we are in the developmental stage an investor cannot determine if we will ever be profitable. We will experience financial difficulties during our operational development and beyond.

We may be unable to operate profitably, even if we generate revenues. We plan to generate revenues from the sales of art work and advertising through our website, but there can be no assurance that our revenues will exceed our costs.

Investors have no basis upon which to judge our ability to maintain our web site and product line and are unable to forecast our future growth. We have no revenues or

revenue sources and yet we have significant costs. We cannot assure that our website will receive enough Internet traffic or purchases to generate revenues or achieve profitability.

Other Investment Risk Factors

A. Purchase of Penny Stocks Can be Risky and these securities will be more difficult to sell even if a market develops

In the event that a public market develops for our securities, such securities may be classified as a penny stock depending upon their market price and the manner in which they are traded. The Securities and Exchange Commission has adopted Rule 15c-9 which establishes the definition of a "penny stock," for purposes relevant to us, as any equity security that has a market price of less than \$5.00 per share or with an exercise price of less than \$5.00 per share whose securities are admitted to quotation but do not trade on the Nasdaq SmallCap Market or on a national securities exchange.

For any transaction involving a penny stock, unless exempt, the rules require delivery by the broker of a document to investors stating the risks of investment in penny stocks, the possible lack of liquidity, commissions to be paid, current quotation and investors' rights and remedies, a special suitability inquiry, regular reporting to the investor and other requirements. Prices for penny stocks are often not available and investors are often unable to sell such stock. Thus an investor may lose his investment in a penny stock and consequently should be cautious of any purchase of penny stocks.

B. Absence of Dividends Now and in the Near Future May Affect a Shareholders Return on Investment

We have never paid dividends. We do not anticipate declaring or paying dividends in the foreseeable future, and we intend to retain any future earnings to finance its growth. Our dividends will be at our Board of Directors discretion and contingent upon our financial condition, earnings and capital requirements. An investor should be aware that a dividend, either in cash or shares, may never be paid by the company and therefore, the shares of the company should not be purchased by an investor as an income producing security.

Item 2. Properties

We are presently using office space provided by our President, Reinhold Mackenroth, without charge or contract for lease, at 5175 Club Road, Haverhill, Florida 33415. Our phone number is 561-200-7721. We feel that this space is adequate for our needs at this time, and we feel that we will be able to locate adequate space in the future, if needed, on commercially reasonable terms.

Item 3. Legal Proceedings

We are not aware of any pending or threatened legal proceedings, which involve M Street Gallery, Inc.

PART II

Item 5. Market for Common Equity and Related Stockholder Matters

(a) MARKET INFORMATION

Our securities do not currently, and have not in the past, actively traded on any public market. Thus, there is currently no market for our securities and there can be no assurance that a trading market will develop or, if one develops, that it will continue. The shares of common stock are quoted in the NASD's OTC Bulletin Board under the symbol "MREY"

(b) SHAREHOLDERS

The number of shareholders of record of our Common Stock as of the close of business on April 30, 2013 was 20.

(c) DIVIDEND POLICY

To date, we have declared no cash dividends on our Common Stock, and we do not expect to pay cash dividends in the near term. We intend to retain future earnings, if any, to provide funds for operation of our business.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

We were incorporated in the State of Florida on March 11, 2011, for the purpose of providing an online marketplace for art work created by German artist Reinhold Mackenroth, through the Internet. M Street Gallery is an active participant in the manufacturing and sale of original oil based paintings. We are fully operational and plan

to build on that momentum going forward with our business plan. Our website is located at www.MstreetGallery.com.

We offer a modest array of unique and custom oil on canvas artwork, created by German artist Reinhold Mackenroth to individual retail customers. In addition to offering a modest array of unique original artwork, we also offer custom portraits services.

Results of Operations

Revenue

During fiscal 2013 and 2012, we had revenue of \$ and \$2,800 respectively. This decrease in revenue was attributed to a lack painting being sold. The lack of paintings being sold is attributable to a lack of funding to promote our company and artwork.

Operating Expenses

Our operating expenses for fiscal year 2013 and 2012 were \$52,784 and \$44,726. This increase of approximately 18% in expenses is attributed to the commencement of operations along with compensation and professional fees. The compensation portion totals \$60,000, of which has been deferred.

Net Loss

We had a net loss of \$(52,784) in fiscal 2013 compared to a net loss of \$(41,926) for 2012. This increase of 26% in net loss is attributable to the increase in operating expenses as discussed above.

Liquidity and Capital Resources

At April 30, 2013 we had \$164 in available cash compared to \$1,074 at April 30, 2012, a decrease of \$910.

Liabilities

At April 30, 2013, we had total liabilities of \$67,974 compared to \$26,750 as of April 30, 2012. This increase is mainly attributable to compensation and accounts payable.

Cash Flows

Cash used in operations at April 30, 2013 were \$11,560 compared to \$13,676 as of April 30, 2012.

As of April 30, 2013 the company had assets of \$164 and liabilities of \$67,974..

Stockholders deficit as of April 30, 2013 was \$67,810 compared to a stockholders deficit of \$25,676 at April 30, 2012. This 264% increase in loss was attributed to no revenue being generated with an increase in expenses, accounts payable and compensation.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

Financial statements are audited and included herein beginning on page F-1 of this report.

ITEM 9. CHANGE AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURES

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Under the supervision and with the participation of management, including our Chief Executive Officer and our Chief Financial Officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rule 13a-15 promulgated under the Securities Exchange Act of 1934 (the “Exchange Act”). Such disclosure controls and procedures are designed to provide reasonable assurance that information, which is required to be disclosed in our reports filed pursuant to the Exchange Act, is recorded, processed, accumulated, and communicated to management within the time periods specified in the SEC’s rules and forms. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were effective as of the end of the period covered by this annual report.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting that occurred during the year ended April 30, 2013 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

Management’s Report on Internal Control over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Under the supervision and with the participation of our management, which consists of our Chief Executive Officer and our Chief Financial Officer, we conducted an evaluation of the effectiveness of internal control over financial reporting based on criteria established in the framework in *Internal Control – Integrated Framework* issued

by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”), as supplemented by the COSO publication *Internal Control over Financial Reporting – Guidance for Smaller Public Companies* . Based on their evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our internal control over financial reporting was effective as of April 30, 2013, based on these criteria.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected.

This annual report does not include an attestation report of our registered independent auditors regarding internal control over financial reporting. Management’s report was not subject to attestation by our registered independent auditors pursuant to temporary rules of the SEC that permit us to provide only management’s report in this annual report.

We have audited the accompanying balance sheets of M Street Gallery, Inc. (A Development Stage Company) as of April 30, 2013 and 2012 and the related statements of operations, stockholders' equity (deficit) and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, these financial statements present fairly, in all material respects, the financial position of M Street Gallery, Inc.
